*"I bought the "Thrifting Micro-Biz". I work this as a stay-at-home mom working around the children's school and sporting events. I have over 400 items in inventory, selling many items every single week. Once you learn the program, it is so simple to do. In my best month, I made over \$3,000 in profit. Thanks for teaching me the correct way to do thrifting. **Stephanie B.**"*

## Start Your Own "ReSell 4 Profits" Micro-Business Today!

Over the past 10 years, I have gotten calls and met many incredible people with the desire and passion to become business owners but most lack the funds to start a business some do not have the knowledge to get started.

At BroadMoar, we have been helping business owners grow their businesses for over 30 years. We see a lot of companies offering courses to train you to build a business or companies that all you do is recruit people to a multi-level pyramid model and most of those lack one thing...**It's not your business!** People want a business of their own.

### So We Created It!

Through our Micro-Business Program, we not only teach you how to run your business but also how to buy the products that sell. Depending on the business you choose, we also offer tools, methods, and services. Our mentoring team is available to assist you on a regular basis. The most enjoyable part of our business is avoiding costly mistakes that most startups make.

Two-Day Training Workshop in Greenville, SC or Your Location with 4 or more participants.

- Learn to [Find Your Product Niche](#)
- Learn about products, materials and styles
- Where, When and How to Buy the Items to ReSell
- Where to ReSell Your Inventory
