A subject matter expert and his family have worked in the food service industry for over 40 years, and they have teamed up with Bobby Grant, the founder of Restaurant Different.

As a result, he was invited to present at numerous trade shows where he met many entrepreneurs, business owners, and franchise groups.

Many of these owner groups have engaged BobbyGrant to evaluate their restaurant models.

A dozen meetings later, it became painfully apparent that most restaurants face similar problems. With RestaurantDifferent programs can be customized to meet client's needs.

The problems BobbyGrant observed prompted him to create RestaurantDifferent.

Restaurant **Different** also includes BobbyGrant's Proven 3-step Process. The Proven 3-Step Process for restaurants not only helps increase customers and revenue for the location but also can eliminate 100% of advertising costs.

Restaurant Different is used by over 200 restaurants, bars, coffee shops, and hotels with over 1,500 locations, and has been shown to increase revenue by 28% - 44%, and that's with zero advertising.

This Proven 3-Step Process with Restaurant Different was designed exclusively for BroadMoar's Partners. Restaurant Consultants, and Advisors.
